

LIES MAKE GREAT EFFORT OUTFLANK GERMAN RIGHT

ATTEMPT TO FORCE IT BACK FROM ITS LINE OF COMMUNICATIONS

French Claim Advance on Left—Center is Comparatively Calm—Petrograd Says Galicia is Now Completely Freed of Austrians—Berlin Reports Russians Attempting to Break Through Hungary Have Been Repulsed.

For the moment all interest is fixed on the territory occupied by the French left wing and the German right wing, where the most determined fighting of this battle line is going on. The allied forces are gradually moving northward and according to the French official statement, the battle continues to develop more and more toward the north, the object of this being to get beyond the extremity of the German line for the great outflanking movement, which has been the object of the allied operations.

A continuation of this advance to the north would bring the allies to Cambrai, a strongly fortified town in Nord, and beyond that as far as the circle could be drawn.

Meanwhile there is comparative calm from Rheims to the Meuse, which constitutes the center of the front, but in the Wever district, to the southeast, there have been engagements in which the French have made advances.

Regarding the operations in northern France, Berlin is officially silent, dispatches from the German capital declaring that no information has been given out regarding the progress of the general engagement.

An official announcement from Petrograd says that the Austrian province of Galicia is now completely freed of Austrians, the last remnants of their troops having sought refuge in the Carpathians. An unofficial despatch from the Russian capital says that the fighting along the east Prussian frontier has resulted in the repulse of all the German attempts to force a passage of the river Niemen, in the government of Suwalki.

To offset this an official statement issued in Berlin dealing with the situation in the Carpathians, says the Russians in trying to cross the mountains in small columns and break through into Hungary have been repulsed everywhere.

Archduke Frederick of Austria, commander-in-chief of the Austrian army, has issued an army order in which he declares that "the situation of the Germans and Austrians is favorable." The Russian offensive is beginning to break down, says the Archduke, and the "German army, without hindrance, has penetrated deep into France where a new and great victory is imminent."

He asserts that in the Balkan theater the Austrians are fighting in the enemy's territory and that the Serbian resistance is beginning to weaken. He concludes with the statement that "the dual monarchy and German are united and have full confidence of fighting out to the end, this war which was forced upon us."

Malines, Belgium, has been recaptured by the Belgians, according to a dispatch from Antwerp. The same source states that on Wednesday the bombardment of a manufacturing plant at Antwerp-Den-Berg, a suburb of Antwerp, was renewed.

In Lierre, a town in Belgium, the church of St. Martin, the finest late Gothic church in Belgium, has been completely covered by a mine near the town.

WAR BULLETINS

LONDON, Oct. 1, 5:30 a. m.—An official message issued in Budapest according to a Rome dispatch to the Exchange Telegraph Co., states that the Hungarians have recaptured Uzsook pass in the Carpathians.

LONDON, Oct. 1, 4:23 a. m.—A dispatch from Ghent to the Express, dated Wednesday, declares that the Germans have built five heavy pontoon bridges across the river Meuse between Givet and Namur, apparently to facilitate their retirement from France. All their wounded, the dispatch says, have been removed from Brussels.

PARIS, Oct. 1, 3:05 a. m.—It is officially announced that the reserve territorials and men of auxiliary service at the north of France who were withdrawn from that section at the time of the German invasion while others were sent back home because they were not needed, now also have been sent home temporarily.

ROME, Sept. 30, via Paris.—An Italian torpedo boat is reported to have been sunk today by a mine between Venie and Comacchio, in the Adriatic Sea. No confirmation of the report can be obtained in official circles.

VENICE, via Paris, Sept. 30.—The Rumanian sailing ship Maria, struck an Austrian mine and sank off Istaria in the Adriatic Monday. Only one of the crew was saved.

Concerning the progress of this attack, the official reports give widely different accounts. The Belgians say the German attempts to advance have been repulsed and that their shells have had no effect on the forts. The Germans declare the Belgian sorties have been driven back. It probably will be some days before the Germans bring the full force of their artillery to bear and not until then can it be judged whether the forts can stand the fire of modern siege guns.

The Germans have agreed not to damage or destroy historical monuments or churches, if the Belgians will agree not to use them for military purposes.

The sowing of floating mines by the Austrians to harass the French and English warships in the Adriatic has resulted in the sinking of an Italian fishing boat and the Italian government has entered a protest at Vienna. The incident has created a bitter feeling in Italy, where it is said the mines have drifted from the Austrian to the Italian side of the Adriatic and have terrorized the fishing industry, which is the chief resource of this region.

May Change Italy's Attitude.—Marquis Di San Giuliano, the foreign minister, who is one of the chief friends of the Triple Alliance in Italy, is seriously ill and Premier Salandra has taken charge of the foreign office. It is suggested in London that this might bring about some change in the policy of Italy, as the premier is said to be in favor of Italy joining with the allies, to which Marquis Di San Giuliano was strongly opposed.

Semlin, the important Austrian town opposite Belgrade, which the Serbians captured several weeks ago but evacuated when the Austrians threatened them in another quarter, has again fallen into the hands of Serbia. This will relieve Belgrade from the almost incessant cannonading to which that city has been subjected. Sarajevo, the capital of Bosnia, is coming within gunshot of the Serbian and Montenegrin armies, which hope to add that city to their conquests.

Belgians Recapture Malines.—London, Sept. 30.—"Malines has been recaptured by the Belgians," says the Antwerp correspondent of the Reuters Telegram Co. His dispatch follows: "The Germans today renewed the bombardment of Lierre (a manufacturing town nine miles southeast of Antwerp) and Heyst-op-den-Berg (a town near Lierre). In Lierre the tower of the Church of St. Gommaire, the convent of the Blanc Sisters and some houses have been struck by shells. Four women have been wounded. Most of this district has been completely deserted by the civilian population."

The Church of St. Gommaire, one of the finest churches in Belgium, was begun in 1425 and completed in 1527. Recently it was restored. Three of its fine stained glass windows were presented by Emperor Maximilian.

Berlin Gets No Official News.—Berlin, Sept. 30.—Via London.—No official news from the western battle ground has been received here since last night. The newspapers have not been informed by their correspondents regarding the great general engagement which is progressing and the details are not known here.

Archduke Frederick of Austria, commander in chief of the Austrian forces, in an army order today declared that a new and great victory was imminent in the western camp of the Germans, according to dispatches received here from Vienna.

FIVE ARE KILLED IN FIREWORKS EXPLOSION

IREMEN BELIEVE SEVERAL BODIES MAY BE BURIED UNDER DEBRIS

Office Boy Is Blown Through Door Into an Alley and May Die—President of Company is Among the Dead—Fire Destroys Plant.

CHICAGO, Sept. 30.—H. B. Thearle, president of the Pain Fireworks Display Co., of America, was killed here today with four of his employees in an explosion and fire which destroyed the Pain Company's plant.

The dead are: H. B. Thearle, stenographer, Florence Hill, stenographer, F. M. Connor, salesman, Roland H. Wolf, shipping clerk, Joseph Johnson, electrician, John Costello, office boy, was blown through a door into an alley and may die. Firemen tonight thought that several bodies might be under the debris in the flooded basement.

The first explosion took place in the steel and concrete vaults of the Pain company building, in which \$5,000 worth of fireworks were stored. The vaults were supposed to be fire proof and to be able to withstand any explosion. The vaults were blown to atoms. Several other explosions followed the first and a pillar of smoke 500 feet high rose from the building. Adjoining office buildings were shaken and damaged. Many persons were injured by broken glass and by being trampled in the rush for safety.

The monetary loss was said tonight to be small, consisting of loss of the stock of fireworks and damage to the building which was of concrete construction. The walls and upper floors suffered little.

The explosion, it was thought tonight, might have been caused by a spark from wiring which Johnson, the electrician was adjusting.

PORTER'S AIRSHIP "AMERICA" IS FORWARDED TO GREAT BRITAIN

Two Other Machines Are Sent With One in Which British Officer Was to Have Attempted a Flight Across the Atlantic.

New York, Sept. 30.—The airship "America," with which Lieut. Porter of the British army was to have attempted a flight across the Atlantic, and two other machines have been shipped to England on the Mauretania.

Late this afternoon the Cunard line officials said that the aeroplane had been shipped by a well known firm in this city "to order." This, it was explained, meant that the aeroplane would be surrendered on the other side to the person who presented the bill of lading thereof, which had already been sent forward by mail.

It is understood that the aeroplane has been purchased by a private individual and would be turned over to the British government upon its arrival in Liverpool. It was further reported that six other aeroplanes had been ordered by the America's purchaser and that these, too, would be presented to the British government.

These machines, it was said, are now being hastily constructed at the factory of an aeroplane concern at Hammondsport, N. Y., and had been especially designed for long distance flights with a crew of three—two pilots and an officer—and several hundred pounds of explosives. They would be valuable in effecting quick crossings of the English channel and as an aid to the British navy in extended scouting trips, it was said by aeronauts, who were familiar with the design of the machines.

DETAILS SHOW FISHERMEN MISTOOK MINE FOR WINE CASK

Boat Is Blown to Pieces and Nine Are Killed—Flying Splinters Wound Members of Other Crews in Vicinity.

Rome, Sept. 30, via Paris.—Details of the destruction of a fishing boat off Rimini by a floating mine, show that the fishermen mistook the mine for a wine cask, which they sought to recover. Throwing out a line, they drew the supposed cask toward them and when it touched their craft an explosion occurred. The boat was blown to pieces and all the nine men on board were killed. Members of other fishing crews in the vicinity were wounded by flying splinters. Naval experts express the opinion that hundreds of mines from the Austrian coast are floating toward Italy and as a consequence all steamship lines operating to Dalmatia, Montenegro, Albania and Genoa from Italian ports have suspended sailings. Ships which have been operating between Italy and Constantinople and other Black Sea ports have timed their trips to stop at Saloniki and Dedeaghat.

Seafaring interests demand that the government require prompt and thorough investigation from Austria.

OLDEST STUDENT REGISTERS

Madison, Wis., Sept. 30.—Mrs. Amy Winslow, the University of Wisconsin's oldest student in point of years, being past 90, has again registered, electing the biological sciences and advanced work in the domain of electricity and magnetism.

THINK CONFERENCE WILL END REVOLT

Despatches Indicate That Carranza Will Tender His Resignation To-Day

WILL DELAY ACTION

Believe Leaders Will Take No Steps to Set Up Government Until Zacatecas Is Heard from

EXPECT IGLESIAS' ELECTION

WASHINGTON, Sept. 30.—Dispatches reaching the constitutionalist agency here from Mexico City tonight indicated that Gen. Carranza would tender his resignation as first chief of the constitutionalists to the convention of leaders in Mexico City tomorrow, without awaiting the outcome of the peace conference about to begin at Zacatecas. It is understood here that the convention will delay action on the resignation and take no steps whatever toward setting up the provisional government until some word had come from the conferees.

In official and diplomatic circles it is believed that the Zacatecas conference will end the revolt of Gen. Villa by approving the choice of Fernando Iglesias Calderon as provisional president and that this action will be followed by Calderon's election by the Mexico City convention. Rafael Zubaran Capmany tonight made public a telegram from Gen. Carranza in which the latter said: "If the chiefs to whom I will resign accept my resignation, I shall retire to private life with the consciousness of having done my duty as a citizen, as a governor of the state of Coahuila and as first chief of the constitutionalist army in charge of the executive power."

Reports that Calderon had refused to accept the office of provisional president were denied by official sources here. Secretary Bryan said no confirmation of such reports had reached the state department.

Annul Mine Titles.

Washington, Sept. 30.—Official advices from Mexico City to the state department today announced the issuance of a decree annulling all mine titles granted during the Huerta administration.

The department issued the following statement on the subject: "The department of state is in receipt of official advices from Mexico City to the effect that a decree dated August 29, 1914, has been issued by the Mexican Central administration cancelling all mining titles obtained during the Huerta administration and declaring null all proceedings relative to the acquisitions of mining claims during the Huerta regime."

"Sixty days from the date of the decree are allowed mining agents to make applications for the renewal of all proceedings previously taken. It is further stipulated that all the payments required by the mining laws of Mexico in connection with mining titles or mining claims must be made again to the present central administration."

"All rights will be lost by persons who have not complied with the above mentioned rules before the expiration of the stipulated sixty days and the mining land will thereafter be considered as open to denouncement."

Ready for Peace Conference.

Zacatecas, Mex., Sept. 30.—Gen. Francisco Villa and staff and the peace commission appointed in Mexico City reached Zacatecas late today and completed arrangements for the conference to be held here in an effort to compose the differences between Villa and Carranza. Representatives of the two factions met informally today and apparently the best of feeling prevailed.

A joint statement issued today expressed the earnest hope that an agreement might be reached before further blood was shed.

Agree on Armistice.

Mexico City, Sept. 30.—A suspension of hostilities and all troop movements was agreed upon today at the preliminary conference held at Aguas Calientes between committees appointed by Generals Carranza and Villa, according to a telegram received here tonight.

Say Villa's Men Attack Saltillo.

El Paso, Tex., Sept. 30.—In spite of the pending peace conference, Villa agents here today announced that the northern leader's troops have attacked Saltillo, capital of Coahuila, Carranza's native state. They said that the information came directly from their eastern agents.

A strong force of Villa troops several days ago left Chihuahua for Saltillo.

WORD'S CHIEF CLERK RESIGNS.

Springfield, Ill., Sept. 30.—Albert E. Isley of Newton, chief clerk in the office of Secretary of State Woods resigned his position today to take effect immediately.

INDICATE SUCCESS OF ADJOURNMENT PLAN

NEARLY ALL MAJORITY MEMBERS OF HOUSE ARE ALIGNED WITH MOVE

Republicans of Both Houses Are in Accord With Plan and All Seem Determined to Maintain Quorum to Carry It Through.

WASHINGTON, Sept. 30.—Continued conferences among the Democrats in both houses today gave strong indication of the success of the plan for adjournment of congress by the middle of October.

Nearly all majority members of the house except a few headed by Representative Henry of Texas are aligned with the movement undertaken by Democratic Leader Underwood, with the approval of President Wilson, to put off the administration ship purchase bill until after the November elections. The proposal is that the house shall begin recessing three days at a time next week, so most of its members may go to their homes districts immediately, and that congress shall adjourn about October 15.

Republican members of both houses also are in accord with this plan and there is a general determination to maintain quorums so as to carry it through.

Would Strike Out Bank Tax.

Amendments to the war revenue bill suggested and now being considered by Democrats of the senate finance committee include one to eliminate entirely the proposed tax of \$2 a thousand on bank capital and surplus. Following a suggestion yesterday that this assessment be reduced to \$1, Senator John Sharp Williams, a member of the committee, today introduced an amendment in the senate to strike out the bank tax. Sentiment is said to be growing in favor of this action.

Other amendments to make up for the deficiency that would be occasioned by abolishing the bank tax and the elimination of the tax of two cents a gallon on gasoline are as follows:

A tax of two cents on all bank checks, drafts, letters of credit, etc., a tax of five cents a gallon on rectified whiskeys, which it is estimated would yield about \$5,000,000 revenue; an increase of 25 cents a barrel in the proposed \$1.50 tax on beer, making the total levy \$1.75 a barrel, to yield a total estimated revenue of \$52,000,000; and a tax of 25 cents per horsepower on all passenger automobiles.

Chairman Simmons said tonight there undoubtedly would be several changes in the house bill, but that no conclusions had been reached by the committee.

BATTLE GIVES NO DEFINITE INDICATION OF NEARING FINISH

French Military Men Believe Some Important Move Must Soon Be Made by the Germans.

From the Battle Front, via Paris, Sept. 30.—This was the seventeenth day of continued hard fighting along the 150 mile front from the Somme to the Moselle and yet there is no definite indication that the historic battle is nearing a finish. There are, however, evidences that the Germans are receding before a forcible and sustained pushing from the allied armies, especially on their western and eastern wings, while the center, where the Germans are more strongly entrenched than at any other point with heavy artillery, remains almost stationary.

It is generally concluded by French military men that some important move must soon be made by the Germans, who have found it impossible to sum the advance of the allies, though they offered the sternest and most desperate resistance, sacrificing thousands of men daily.

The German wings appear to be folding back on the center, leaving the sole loophole for a backward movement by way of Rethel.

The German's main supply base at Juniville, which is protected by heavy masses of troops, as it is absolutely essential that this place shall be held for the re-victualing of the German armies in northeastern France, appears to be placed in a somewhat precarious situation with its single line of railroad. The line of battle has changed considerably since the beginning of the actual contact between the two great armies, whose numbers and real positions it is not permitted to make public. The front now presents sinuous windings, looping inward and outward at various points in a country which everywhere is wonderfully adapted to defense.

The allies' commanders are husbanding their men's lives to the greatest possible extent by keeping them from frontal attacks on positions where the Germans are in advantageous situations.

COLORADO COAL MINE OWNERS TO HOLD CONFERENCE THIS WEEK

DENVER, Colo., Sept. 30.—A conference of Colorado coal mine owners probably will be held this week, following the return of J. F. Welborn, president of the Colorado Fuel and Iron Co. from a recent interview with President Wilson regarding the proposed peace plan in the coal miners' strike. Mr. Welborn today issued a statement in which he reiterated that the operators could not accept the peace proposal drawn up by Hywell Davies and William R. Fairley and endorsed by the president.

TO PUSH CAMPAIGN FOR DEMOCRATS

Administration Leaders Begin Laying Plans for Aiding the Nominees

WILSON WILL NOT SPEAK

President Plans to Carry on an Active Letter Writing Campaign in a Number of States

MAY SUPPORT SULLIVAN

WASHINGTON, Sept. 30.—(With plans for adjournment of congress next month practically completed, administration leaders today began laying plans for actively pushing the campaign for the election of another democratic senate and house in November. Within the next few weeks spokesmen of the administration will be supporting democratic nominees.

In accordance with his recent letter to Chairman Doremus of the democratic congressional committee President Wilson will not make any speeches himself, but he plans to carry on an active letter writing campaign in a number of states.

The president has requests before him for letters of support from democratic candidates in all parts of the country. It was intimated at the white house today that the administration will support all candidates nominated in open democratic primaries. In this connection special interest has been attached to the situation in Illinois, where Secretary Bryan opposed Roger Sullivan for the nomination for the Senate. Chairman McCombs of the democratic national committee has announced since the primaries, that he will support Mr. Sullivan for election.

It was intimated in high administration circles today that practically all members of the president's cabinet will speak in the campaign. Secretaries Bryan, Daniels, Wilson, Houston, Redfield and Lane and Postmaster general Burleson are all expected to take the stump and Secretary Garrison may join them.

The president has shown particular interest in the campaigns of Representative Connolly for the senate in Iowa and of Representative Palmer for the senate in Pennsylvania. It is certain to write letters supporting both of them. He will also signify if he is for Glynn and Gerard in New York. Another who will have active assistance from the administration is Thomas of Colorado.

Mr. Wilson, in his letters, will tell of the way in which various candidates for re-election have supported his administration during the present campaign.

DECLINES TO SUSPEND INCREASE IN CHARGE FOR MILEAGE BOOKS

WASHINGTON, Sept. 30.—Formal announcement was made by the interstate commerce commission late today that it had declined to suspend tariffs of railroads operating in eastern trunk line territory, providing for an increase in the charge for mileage passenger books from two cents to two and one quarter cents a mile.

Protests against the increase had been filed by many organizations and individuals.

The commission, however, suspended tariffs filed by the New York Central lines, under which mileage books sold prior to October 1, on a basis of two cents a mile would not be honored for transportation after that date.

AMERICAN RED CROSS UNITS TO LEAVE FOR RUSSIA FRIDAY

London, Sept. 30.—The American Red Cross units destined for Russia will leave for Dundee October 2, from where they will proceed to Sweden. They will be in charge of Dr. W. S. Magill and Dr. Edward Egbert. Each unit will be composed of 12 nurses and three physicians. Miss Helen Scott Hay, formerly superintendent of the Illinois training school, will accompany them.

CAPTAIN JOHN E. WRIGHT FOR REPRESENTATIVE.

There has not been a member of the General Assembly elected from this County since the election that occurred eight years ago next November, although the district composed of the Counties of Morgan and Sangamon is entitled to be represented by one senator and three representatives. So all its members since the time above stated have been elected from Sangamon County.

It is important for various reasons that the representation from the two counties should be more equally distributed. It would be more democratic in practice and besides there are three large and important state institutions located in Jacksonville, and Morgan County presents a candidate well qualified to represent the district in the person of Captain John E. Wright, who is the only nominee from this county.

Captain Wright was elected as a member of the general assembly in 1886 and was an active, useful and honorable member. He was born in this county and has always lived here except the time he served in the army, which was nearly five years. He was a brave and loyal soldier, is a good citizen, a man of good moral character and excellent habits, a true friend to the laboring man and is always ready to do a kind act to the needy. He is truly a man of the people and as above stated is fully qualified in every respect to discharge the duties of representative from this district.

We believe that the good people of Morgan and Sangamon Counties, irrespective of party, who are in favor of fair and equal representation will elect him next November.

NEW WELL ON CITY LAND GIVES GREAT PROMISE

Water Flows in Freely When Gravel Is Reached—Drilling Conditions Varied From Other Wells.

Work on the new well at the Widenham and Daub land yesterday progressed to the depth of 51 feet. When the drill had gone through the coal and hard pan which were encountered Tuesday and struck gravel, water began to rush in in volumes and the indications are that the well will be fully equal to any of those from which the city is now pumping. The strainer will be placed in position as speedily as possible and then the well may be used temporarily while work is done on some of the old wells, and then it will be sealed and kept for a reserve supply. The coal which the drill struck proved to be only four inches in thickness and undoubtedly marks one of the outer edges of the coal strata extending westward from Sangamon county.

The well is located near the northeast corner of the Widenham and Daub land, just north of well No. 1. Commissioner Brennen said last night that the casing had been driven down into the gravel for a depth of several inches and that from now on the process is not one of drilling, but rather of driving down the casing and then lifting up the gravel.

There is no way of telling at this time just how thick the stratum of gravel is at this point, for in the other wells it is stated that the stratum varies from 24 feet in depth. However, Mr. Brennen has encountered various conditions that he did not expect in sinking this well and at variance with the conditions said to have obtained when the other wells were put down. As a matter of fact any statements about the other wells must be from memory, because no written log of the drilling was kept. It would have been of distinct advantage at this time had such a record been kept.

When the casing has been sunk to the bottom of the gravel stratum it can then be determined as to what length of strainer will be needed. The casing will then be lifted a few inches from the bottom of the gravel and a strainer of a length corresponding to the depth of the gravel bed will be inserted; then a small casing will be placed in position in connection with the strainer, and within this inner casing the plunger will operate in pumping the water. It is planned to move the pump and house from the well which is out of commission and immediately utilize the equipment for the new well.

This means that the cost of the new well will be small indeed, as all the work is being done by employees of the payroll, and practically all of the equipment is already owned by the city. The cost for having a well sunk by a contractor would have been \$1 per foot. Water is now standing in the new well to a depth of 42 feet, which is the same level at which the water stands in the other wells. The old well by the way which is to be abandoned will be of some service, as it will serve as a gauge of the water in the other wells and it will be possible by examining it to tell at what stage the water is in all the wells.

As previously stated, it is the intention to use the new drilling equipment for the construction of several wells, which will be in readiness when there is a demand for a greater supply or should there be trouble with or failure of some of the wells now in use.

CITY ORDER TO PAY PART OF PAVING COST

Judge Martin Made This Order in County Court With Reference to South Prairie and North East Streets.

Judge A. E. Martin of Virginia was in Jacksonville Wednesday to hear further evidence in the South Prairie and North East street paving cases. At a former hearing on these streets Judge Martin suggested that the city make various changes in its petition. It was then necessary for the city to go through the formal advertising for the hearing and some other preliminary work after making several amendments. The cases then came to a hearing Wednesday and Judge Martin entered an order sustaining a part of the objections and overruling a part and continued the cases on the docket for further hearing.

The effect of Judge Martin's ruling is to provide that the city shall pay a portion of the cost of the improvement proposed for each of the streets. He ordered that the city pay one-fifth of the cost of constructing the pavements. This cost will be practically equivalent to the city paying for the intersections on the streets, although it is not specifically stated that the purpose of the assessment payment is to provide for the intersection work.

Under the public improvement act it is possible to provide for a pavement by special assessment or by special taxation. The difference is somewhat technical and the result in the end is just the same, although the method of procedure in each case is somewhat different.

It so happens that the pavement proceedings for South Prairie and North East streets are under a special taxation plan and the ruling of Judge Martin therefore was that under this act it was proper for the city to pay for a portion of the pavement. It seems that if the proceeding had been by special assessment instead of by special taxation, that it might then have been possible to require the property owners to pay the entire cost of the improvement, including the intersections. It is true, however, that in all public improvements in the past the city has paid for the intersections, and while it is no doubt legal to compel the property owners to pay the whole cost, there seems to be something fair in providing that a portion of the work be paid for from general taxation. In some states it is possible to pay the entire cost of paving or other public improvements by general taxation, and in a number of cities all the streets have been paved under a single contract, the payment for the vast improvement being provided for by a special bond issue. It now seems as if the improvements for these two streets are nearer accomplishment than they have ever been before, although there are possible legal complications which may yet delay the work for a long period.

As to the matter of the assessment against individual properties, the owners may appeal the case to a jury if they so elect. Among the objectors to the South Prairie street pavement are W. J. Moore, Mrs. Elizabeth Bancroft, J. P. Correa, J. H. Jewsbury, Mrs. Grace Baxter, Rev. E. A. McCarty, Mrs. Kate Hollinger, Mrs. Alta Knapp, Alexander Armstrong and F. M. Williams. Objectors to the North East pavement are J. G. Gardner, Miss Mary Mandeville, Mrs. Sarah Jacques, R. H. Donaldson and F. J. Degen, administrator.

NINE EYE-WITNESSES TESTIFY IN THE PERSON MURDER TRIAL

LINCOLN, Ill., Sept. 30.—Nine eye witnesses in the trial of Carl Person charged with the murder of Anton Musser today testified that Musser was facing Person when the first of the shots that caused his death were fired.

J. J. Condon and B. M. Pugh, physicians of Clinton, told the jury that at the time of the shooting Person was suffering from a shock to his nervous system that rendered him dazed. Dr. Pugh said he had made a postmortem examination and found three wounds inflicted from the front.

Miss Helen Jones, an eye witness, testified that she had been asked by Attorney Williams not to tell attorneys for the defense that Musser was facing Person when the shots were fired.

THREE THINGS ENTER INTO A OF GOOD COFFEE.

First—Good coffee.
Second—Proper Making.
Third—What is Served with it or in it.
Two years ago it was possible to get good coffee at 24c today—it is impossible to get coffee such as should be sold at 28 to 33 cents. But two years ago a fair coffee cost 28 cents which left a margin of seven cents and good. Today a fair coffee will cost 25 cents and it not be as good as the 18 cent coffee of two years ago, generally be a compounded coffee, a thing practically two years ago. Please note the comparison—about pound between POOR and GOOD Coffee today, against a pound between FAIR Coffee and GOOD Coffee two years ago.

Again We Say:

Roberts No. 6 Blend at 28 cents is by no means the coffee we could buy but it is the cheapest on which we to build a good Coffee Business.

Our Coffee Business Grows—Why?

When You Buy Drugs

Condition in Europe have tended to unsettle prices in drugs but you will find in our pharmacy very few changes and only in such instances as market conditions have enforced. Buying your drugs here means that you can affect a saving and that you can at the same time secure the height of quality and the maximum of good service. Let your drugs be delivered with your groceries whether the order is for five cents or for a dollar's worth.

Jacksonville people and others from many miles around will certainly find great attractions here this week.

REV. ARTHUR F. EWERT TO REMAIN IN HAVANA.

The Rev. A. F. Ewert, who was given the charge of Newman, Ill., at a recent meeting of the Illinois Conference, will remain at Havana where he was pastor last year. The following from a Havana correspondent tells of the matter:

"Rev. Arthur Frederick Ewert, who has been pastor of the First M. E. church in Havana for the past year, but who was assigned to the charge at Newman, Ill., for the coming year by the Shelbyville conference, has practically completed arrangements by which he will return to Havana, and Rev. G. E. Scrimger, who had been assigned to Havana, will go to Newman. This is the news received by Rev. Mr. Ewert from the district superintendent, Rev. Mr. Shipp, Monday morning. The transfer of pastors still requires the sanction of the bishop for this district, but as the local church is so insistent upon the return of Rev. Mr. Ewert to this charge it is not at all probable that the bishop will deny them this request especially in view of the fact that the pastor himself is very desirous of returning to Havana."

Raymond Robins, Progressive candidate for U. S. Senator, Court House, 8 o'clock tonight; seats inside railing reserved for ladies.

ITALY LODGES PROTEST AGAINST FLOODING MINES IN ADRIATIC

LONDON, Sept. 30.—A despatch to the Reuter Telegram Co. from Rome says:

"In consequence of the appearance on the Adriatic coast of Italy of floating mines, which there is reason to believe have come from the coasts of Istria and Dalmatia, the Italian government has telegraphed urgent instructions to the ambassador at Vienna, charging him to draw the serious attention of Austria to the fact and to the loss of life which already has ensued from it and to ask that adequate measures be taken to prevent the recurrence of incidents of such gravity."

SOCIAL EVENTS.

The seventeenth birthday of Chester Watred was the occasion of a pleasant surprise party Tuesday evening at the home of his parents, Mr. and Mrs. Alexander Watred, two miles southeast of Alexander. Games were played and delicious refreshments served, including a handsome wedding cake, baked by Mrs. Watred.

The annual luncheon of James Caldwell Chapter, Daughters of the American Revolution, was held Wednesday afternoon at Central Christian church. The repast was served at one o'clock by the members of the aid society. Miss Alice Wadsworth was heard in a pleasing narration of her travels in Europe and interesting talks were made by a number. To the roll call, the members made answer with incidents of the summer just past.

Representatives were selected for the state D. A. R. conference in Elgin, Oct. 22 and 23. Mrs. O. F. Buffe will go as the chapter regent and Mrs. J. H. Danskin as the delegate. Mrs. Thomas Worthington, Miss Mary Wadsworth, Mrs. Genevieve Taylor and Miss Janette Powell were chosen as alternates.

A reception will be given in the parlors of Central Christian church Friday evening for the Rev. Myron L. Pontius, the new pastor of the church, and Mrs. Pontius. All members and friends are cordially invited to attend.

Twenty Freshmen Tried. Twenty Illinois college freshmen were brought to the "bar of justice" Wednesday evening in a court of upper classmen assembled in the gymnasium. Their offense was deviation from the rules by which all good freshmen must abide and the penalty was work in the trenches or enforced walks from points out of the city.

CHANGE IN LIBRARY HOURS. Beginning with this evening, the hour of closing at the Jacksonville public library will be nine instead of eight o'clock. Nine o'clock is the customary hour of closing from Oct. 1 to June.

MISS LOUISE TUNNELL BECOMES BRIDE OF MR. HARRY HOFMANN

Marriage Took Place at the Home of Rev. M. L. Pontius—Leave in Automobile for Wedding Trip.

The marriage of Miss Louise Tunnell and Mr. Harry Hofmann was solemnized Wednesday afternoon at 4 o'clock at the parsonage of the Central Christian church, Rev. M. L. Pontius officiating. Immediately after the ceremony the young people left in Mr. Hofmann's automobile for Springfield.

The bride is a daughter of Mr. and Mrs. James Tunnell of King City, Mo., and for the past three years has made Jacksonville her home. For several months she has been employed in the J. F. Waddell store. Although a resident of Jacksonville for a short time, she has made many true friends by her affable manner and sincere life.

The groom is the son of Mr. and Mrs. J. E. Hofmann of South Main street and he was born and reared in the city. For a great many years he has conducted a floral house, having an up town office on the south side of the square. He is prominently identified with a number of lodges in the city and is worthy of the confidence which the business men of the city have placed in him.

RUSSIAN INVASION OF HUNGARY CAUSES GREAT APPREHENSION

Official Assurances That Action is Without Importance Fail to Calm People.

Venice, via Paris, Oct. 1.—2:59 a. m.—The news of the beginning of the Russian invasion of Hungary is exciting the greatest apprehension throughout the monarchy, despite all official assurances that the action is without importance, and should give no occasion for anxiety.

The work on the fortifications around Vienna is being hastened and an official warning has been issued to the public against catering to certain caravans on penalty of arrest and danger of being shot by the sentries. The Asiatic cholera is rapidly spreading, cases being reported daily in Vienna and in various districts of Hungary. Scores of cases already have been found in Galicia, whence the disease has spread to other sections.

MICHIGAN REPUBLICANS HOLD HARMONIOUS STATE CONVENTION

Kalamazoo, Mich., Sept. 30.—The Republican state convention meeting here today nominated the balance of the state ticket, not named at the recent primaries, adopted its platform for the fall campaign and, with party enthusiasm at its height, listened to the leaders urge the delegates on to a Republican victory in the coming election. Former Governor Chase S. Osborn, again a candidate for governor, was greeted with cheers by the delegates.

The platform pledged the party to work for reforms in taxation, a state budget system, a forum for the settlement of labor disputes, good roads legislation and more expeditious and less expensive court procedure. It approved the national committee's rearrangements of representation of states at future national conventions, reaffirmed belief in protective tariff and denounced the Underwood tariff act.

CAUSED COUNTY AUDITOR'S ARREST.

Butte, Mont., Sept. 30.—Orders issued by Major J. B. Roote, county Auditor James Kane was arrested at Gregson Springs tonight by a detachment of soldiers.

The auditor will be charged with committing a depredation upon the uniforms of soldiers. It is alleged Kane dragged down some uniforms from a line in his office and threw them about the floor and then spattered water on the clothing.

Kane was incensed at the action of the troops in destroying liquor in a saloon recently according to military officers.

NOMINATE MONSIGNOR TEDESCHINI.

Rome, Sept. 30.—Monsignor Federico Tedeschini, custodian of the orfice in the papal department of state, was today nominated for the office of under-secretary of state at the vatican.

PROGRESSIVES NAME REICHARD

Baltimore, Sept. 30.—The Progressive party state convention today nominated Dr. V. M. Reichard of Washington county for United States senator.

A paragraph in the platform said that prohibition has become a national issue, which must be met and that the party favors submitting the question to the people.

CONSUL'S BROTHER IS KILLED.

Chicago, Sept. 30.—Baron De Sainte Laurent, French consul to Chicago, received word today that his brother Rene Housin De Sainte Laurent was killed in battle August 27.

Longevity of Birds.

In ancient days it was the general belief that ravens lived longer than any species of birds, and it was said that their age frequently exceeded a century. Recent studies of the subject indicate that no authentic instance of a raven surpassing seventy years of age is on record. But parrots have been known to live one hundred years. There is also a record of a golden eagle which died at Schonbrunn at the age of 118; another was kept in the Tower of London for ninety years, while a third died at Vienna aged 104 years. Geese and swans are tenacious of life, and extraordinary accounts exist of the great age to which they have attained. Buffon and other naturalists have credited them with eighty and one hundred years of life.

MISS EMMA D. FARMER OF PEKIN WEDS MR. WILLIAM BOLINGER

Sister of Mrs. H. D. Capps of this City Marries Tremont, Ill. Resident—Will Spend Honeymoon in California.

The many friends of Miss Emma D. Farmer of Pekin, Ill., will be surprised to learn of her marriage Wednesday in Peoria to Mr. William Bolinger of Tremont, Ill. The young people left in the afternoon for the west and will visit several points of interest in California before returning from their honeymoon. A number of their friends in Tremont went to Peoria to witness the ceremony.

The bride is the daughter of Mr. and Mrs. Daniel Farmer of Pekin, Ill., and is a sister of Mrs. H. D. Capps of 823 East State street. She has often visited here, where she has a large number of sincere friends. She graduated from the Pekin high school with the class of 1911 and since that time has been a school teacher, filling an important position for the past two years in the public schools of Tremont. She is a young woman of beautiful character and life and is admired for her sunny disposition and personal charms.

The groom was born and reared in Tremont and is a graduate of the high school of that place. His mother is an extensive land owner of that part of the country and for sometime he has been looking after her interests. He is a young man of business ability and industry and a valued citizen of his community.

The young people, upon their return from the west, will make their home in Tremont.

REPORTS RUSSIAN MAIL STEAMER HELPLESS IN ARCTIC ICE PACK

Ship Is Said to be in a Dangerous Position and Crew Considers Abandoning Her.

Nome Alaska, Sept. 30.—The power steamer King and Winge, which made the dash to Wrangell Island and rescued the survivors of the sunken ill-fated exploring ship, Karluk, arrived today from the Siberian coast and reported that the Russian mail steamer Kolyma, lying between Vladivostok and the mouth of the Kolyma river, on the Arctic coast of Siberia, is lying helpless in the Arctic ice pack south of Cape North.

Captain Jochimsen of the King and Winge said the Russian mail steamer Teabotsky, which makes the run north to East Cape, was in wireless communication with the Kolyma September 21. At the time the Kolyma was in a dangerous position, having a thirty degree list as a result of the grinding of the ice. The crew which was considering abandoning the Stran and building winter quarters ashore, expected to take enough supplies from the ship to tide them over the winter.

The Kolyma reported to the Teabotsky that the ice in the Arctic this season was unusually heavy, the vessel having been caught twice during the summer but extricated herself safely.

The Kolyma is a vessel of 2,000 tons belonging to the Russian volunteer fleet, which operates all the merchant ships on the northeastern coast of Siberia.

MADDOO ORDERS WITHDRAWAL OF PART OF CROP MOVING FUNDS

WASHINGTON, Sept. 30.—Following up his warning to national banks against hoarding money and restricting credits, Secretary McAdoo today ordered the withdrawal of \$3,000,000 of the government funds deposited in the agricultural centers to aid in crop moving. The money will be redeposited, Mr. McAdoo announced, in banks "which will employ it in the movement of crops and for the benefit of the business situation."

The banks from which the deposits are withdrawn were not mentioned.

CLAIMS RUSSIANS ARE REPULSED IN TRYING TO CROSS MOUNTAINS

London, Sept. 30.—A statement issued in London today and received here through the Associated Press, says that the Russians in trying to cross the Carpathians in eastern Romania and break through into Hungary have been repulsed everywhere. As these troops are operating a great distance from the main theatre of war, their maneuvers are unimportant, but if the intention was to create disquiet among the Hungarian population it has been entirely frustrated.

"As the result of new operations commenced by the united German Austro-Hungarian forces, the enemy on both sides of Weichsel (in Silesia on the Vistula) has retreated. Strong bodies of Russian cavalry have been dispersed near Biecz while to the north of Weichsel several divisions of the enemy's cavalry have been driven in front of the German army."

DECLARE JAPAN MERELY WISHE TO UPHOLD INTEGRITY OF CHINA

PHILADELPHIA, Sept. 30.—Dr. Sanae Takata, president of Waseda University, Tokio, one of a party of prominent Japanese who are making a tour of American universities, today denied reports that his country has entered the European conflict with the intention of gaining the commercial and political domination of China and the Pacific. "I can say positively," he declared, "that Japan has no aggressive intention in participating in the war. She merely wishes to uphold and guard the integrity of China."

"President Wilson," Dr. Takata said, "is to be admired for the statesmanship he has shown during the great war. He has been fair and just and absolutely impartial."

Miss Mary Glasgow of Normal visited friends here Saturday and Sunday.

The C. W. B. M. of the Christian church entertained Monday afternoon from 2 to 5 in honor of Mrs. Wm. Galloway, at the home of Mrs. Edward Gallagher. Some forty-five friends being present. Light refreshments were served. Mrs. Galloway has been a faithful member of the society for a number of years. She and family left Thursday at 11:50 a. m. over the C. & A. for their new home in Larimore, N. D. her many friends here regret her leaving but the best wishes of all will go with her and family to their new home. Dr. Miller made a few touching remarks as a farewell to our sister.

John McAllister of Jacksonville visited his sister, Mrs. James Galloway Sunday.

Mrs. T. M. Whitlock, son Raymond and daughter, Dorothy, spent Saturday and Sunday with her parents, Mr. and Mrs. A. B. Ruyle near Ceres.

Mr. and Mrs. Clarence York and son, Ormand of Jacksonville spent Sunday here with relatives.

Mrs. James Shelton attended church services at Baptist church in Murrayville Sunday morning.

Mrs. Wm. Adams still remains very poorly and is confined to her bed.

Mr. and Mrs. Orein Tandy and Dr. and Mrs. Bradley, all of Jacksonville were here Monday evening in the interest of the Rebekah lodge. All members are earnestly requested to be present at their regular meeting on the second Friday evening in October, which date will be the 9th.

Mrs. Julia McAllister and granddaughter, Miss Hazel Green arrived home Friday last week from a six weeks' visit with relatives in and near Hutchinson, Kans.

Wm. Russell, Sr., was taken suddenly ill Sunday evening but is reported much improved at this writing.

Dr. and Mrs. R. R. Jones and family visited relatives near Springfield Sunday. They were accompanied home by the former's mother, Mrs. Jones, who had for a time been visiting relatives at Palmyra and Springfield, the past several weeks.

Mrs. Edward Gallagher and Mrs. J. T. Self and daughter, were guests of the former's sister, Mrs. Elizabeth Jackson of North Prairie street Jacksonville.

GRAY HAIR BECOMES DARK, THICK GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and trouble some.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, morning and night. The gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—adv.

IN SUCH PAIN WOMAN GRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CHARLES RAY PROMINENT IN THE MOTION PICTURE WORLD

Former Jacksonville Boy Has Proven Versatile Actor—Is Kept Busy by New York Motion Picture Corporation.

(By Richard Willis.)
In this month's Photoplay Magazine there is an interview with Charles Ray who was born in this city in 1881 and which will be read with pleasure by the many people who know him and have followed his successful career. They call him Charlie at Santa Inez Canon, close to Santa Monica which itself is near Los Angeles, California, and where he is one of the most prominent actors for the New York Motion Picture Corporation which releases under the Domino, Kay Bee and Bronco brands. Ray is one of the most versatile men in the business and although he always takes leads in the pictures he plays in he is cast for a big variety of parts and is seen as a juvenile in one play, a bearded westerner in another and an old man in yet others. He is a master of make-up or the art of disguising himself and his usefulness is largely in that he can take one part as well as another.

Charles Ray is well remembered here and went to school and grew up in Jacksonville and it was here that he first got his taste of stage life. Neither his father or his mother favored his going into the profession until they saw it was no use combatting his ideas and decisions further. He went systematically to work, first of all he hung around the theatres and collected managers to let him carry water and programmes and finally he sold tickets and occasionally got on in the chorus. All the time he studied at home, cultivating his voice and reading the works of Shakespeare and committing the masterpieces to heart and brain. He also bought all the plays he could get his hands on and by dint of close study he gained confidence and finally got a position with a small company touring from Jacksonville, his salary was just five dollars a week and he stayed with the company for a year starting with small parts and finishing up by playing the leads. He gradually worked his way to the coast with different stock and repertoire companies and finally landed in California where his family had moved before him. Now he has scored a good success in the world of the movies.

Painted Faces

(By Walt Mason.)

Kind Nature gave my Cousin Mary a face that's a delight, with lips as red as any cherry, and brow of snowy white. Her cheeks resemble cream and roses—or so one poet wrote, when Mary's face and queenly poses had robbed him of his goat. She should be proud of her complexion, so radiant and rich, and yet she keeps a big collection of powders, paints and such. And when she's fixed up for a killing, some Lockhart to chase, blind men might see that she's been spilling such stuff upon her face. "Ah, Cousin Mary, you are silly," quite frequently I scold; "why should you try to paint the lily, or gild the perfect gold? Just leave your face as nature made it, and you'll be slick as cream, but all this dope you use will fade it, and make you look a scream. When you have reached the age of thirty, or maybe, thirty-three, your face will wrinkle and be and dirty, a frightful thing to see." But what's the use? Ten million maidens are painting every day; they laugh to scorn our mild upbraiding, and go their foolish way.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Look Mother! If Tongue is Coated Give "California Syrup of Figs"

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs", and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative", because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrup. Ask your druggist for a 50c bottle of "California Syrup of Figs", then see that it is made by the "California Fig Syrup Company."—adv.

ANNUAL MEETING DISTRICT STEWARDS AND PREACHERS

Gathering of Methodists Will Take Place October 13, at Grace Church—Program Announced.

The annual meeting of the Jacksonville District Preachers and Stewards of the Methodist church will be held in Grace Church, this city, Tuesday, October 13.

As has been the custom for some time the preachers and district officials will take dinner with the superintendent, Rev. F. A. McCarty, and wife. The dinner will be prepared by the ladies of Grace church. The guest of the day, and the principal speaker will be Rev. U. G. Leasenby, D. D., superintendent of the Crawfordville district, Northwest Indiana Conference. Dr. Leasenby has given special attention to "The New Financial Plan", and has been most successful in working it out. It will be a valuable opportunity for the official members of both the district and the city to have Dr. Leasenby bring his large experience in presenting this plan.

There will be no evening session of the district meeting, but at 7:30 Dr. Leasenby will address the men of the three Methodist churches in Jacksonville at Grace church, telling them just how to work the plan. These churches expect to make the "Every Member Canvass" immediately after the district meeting. Any others who can avail themselves of this opportunity are cordially invited to join with the Jacksonville churches.

Aside from the addresses of Dr. Leasenby, and Dr. Harker, the program of the day will be largely given to general discussions of district problems. Both preachers and stewards will meet together at nine o'clock. They will meet separately at 10:45 to transact the district business. The program is as follows:

9:00—Devotions.
9:15—The Evangelistic Campaign, Plans and Methods.
The Evangelist.
Exchange of Work.
Summer Meetings.
Decision Day.
10:45—Annual Business Meeting of the District Stewards.
10:45—The Pastor and His Problems.
The Pastor and his People.
The Pastor and his Study.
The Church Service.
12:00—Dinner.
1:30—Address—"The New Financial Plan and Who Are to Work It", Dr. U. G. Leasenby.
2:30—Solo, Miss Clara Ranson.
2:35—Address, "Loyalty to Our Denominational Plans", Dr. J. R. Harker.
Discussion.
3:20—Round Table, "The New Financial Plan and How to Work It", Dr. Leasenby.

These meetings are open to the public, and anyone desiring to hear the addresses and discussions will be cordially welcome. The afternoon program will be of most general interest.

AMERICAN FISHERIES SOCIETY.
Washington, D. C., Sept. 30.—Game and fish wardens from numerous States and from several of the Canadian provinces have gathered in Washington to take part in the forty-fourth annual meeting of the American Fisheries Society. The meeting will continue four days and will be devoted to the discussion of uniform laws and other matters pertaining to the conservation and development of American fisheries.

OREGON W. C. T. U.
The Dalles, Ore., Sept. 30.—This city is entertaining for three days the annual convention of the Woman's Christian Temperance Union of Oregon. A large attendance of delegates and an attractive program of addresses, reports and social features, combine to give promise of one of the most successful conventions ever held by the organization in this state.

BAD BLOOD.
Hatred of the Nations for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The sons yet unborn will carry this hatred in their blood to blaze into warfare when the spark is touched by Kings or Statesmen who are yet in infancy.

It's bad blood that makes your liver sluggish and the same bad blood causes your stomach muscles to lose the elasticity and become flabby and weak and that means indigestion.

Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all its ingredients are printed on wrapper.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver and bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out, with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

ENGLISHMEN EXPECT TO SEE GERMANY CRUSHED

Discuss Events Which Might Follow Declaration of Peace—Winston Churchill Warns Against Germany's Error in 1870.

(Correspondence of the Associated Press.)

London, Sept. 14.—After the war, then what? Englishmen to a man expect Germany to be crushed in the present contest and are busily engaged in discussing events which might follow a declaration of peace.

In a recent recruiting speech Winston Churchill, First Lord of the Admiralty, warned England against making the error Germany made in 1870, when she had France lying prostrate at her feet. He said: "Let us, whatever we do, fight for and work towards great and sound principles for the European system. And the first of those principles which we should keep before us is the principle of nationalities—that is to say not the conquest or subjugation of any great community or of any strong race of men, but the setting free of those races which have been subjugated and conquered; and if doubt arises about disputed areas of territory we should try to settle their ultimate destination in the reconstruction of Europe which must follow from this war with a fair regard to the wishes and feelings of the peoples who live in them."

Mr. Churchill's expression of the opinion that Europe's map will be thoroughly remade is merely an echo of talk of men of all classes. In the windows of many shops are signs "Keep trade in the usual channels while the map of Europe is being remade." Lecturers, preachers and editors are constantly discussing the probable redistribution of European territory.

Doubtless Germans and Austrians are also planning for the division of territory that they expect to acquire through the war and are arranging a wholly different apportionment from that contemplated by the allies. Following the suggestion of Winston Churchill many Englishmen, publicists and journalists are already turning Alsace-Lorraine back to France, and Schleswig-Holstein to Denmark, while German Poland is regarded as territory which should have its own government. But the English are not taking Russian Poland away from Russia and joining it with the section of Germany from which it was divorced so unwillingly.

Some difference of opinion exists among Englishmen as to what might be done with Trieste and the territory Austria took from Italy. The mere neutrality of Italy is regarded by some Britons as action which should be well rewarded, considering Italy's membership in the Triple Alliance with which it refused to act. Bosnia would be turned over to Serbia in reward of its aid with the allies. Herzegovina would be given to Montenegro and Transylvania to Roumania.

The possible entrance of Turkey into the struggle adds much interest to the work of the mapmakers. Threats from other Balkan states that they would fight Turkey in case it lent support to Germany and Austria give variety to the complications. Greece, Bulgaria and Roumania would doubtless come in for generous slices of Mohammedan territory were the Porte to cast its lot with Germany, according to the British view. And Russia might come in for liberal helping of Asiatic Turkey, extending the change in maps well beyond the European lines, and probably giving Russia much freer outlet to the Mediterranean.

Discussing the re-establishment of old nations further, Winston Churchill said: "That is the aim which, if it is achieved, will justify the exertions of the war and will make amends to the world for the loss and suffering, the agony of suffering which it has wrought and entailed and which will give to those who come after us not only the pride which we hope they will feel in remembering the martial achievements of the present age of Britain, but which will give them also a better and fairer world to live in and a Europe free from the causes of hatred and unrest, which have poisoned the comity of nations and ruptured the peace of Christendom."

SPAIN TO BUY IN U. S.
Philadelphia, Pa., Sept. 30.—Spain is in the American market for several million dollars' worth of ordnance and riflemaking machinery. King Alfonso's government also looks to America for a large and complete supply of dredging machines, concrete mixers, conveying machines and excavators, locomotives and stone crushers for the erection of what a communication just received from a large Madrid firm representing the Spanish government calls "important public works", which probably means fortifications.

The letter from Madrid is one of a number recently received by the Foreign Trade Bureau of the Philadelphia Commercial Museums from European firms asking for the names of American concerns who could furnish the materials desired. Other inquiries for "made in America" products come from Norway and Holland, and taken in connection with the great commercial export boom with Europe, which was predicted at the outbreak of the war, has been born. The foreign buyers point out that they are compelled to seek the American markets because those of Germany and France, where they formerly placed their orders, have been closed as a result of the conflict.

Other National Scores.

New York, Sept. 30.—Boston celebrated its first day as National champions by defeating New York, the former title holder, in one game and holding it to an eight inning tie in the second game. The scores were 7 to 1 and 7 to 7.

In the first game Tesreau was pounded out of the box in two innings, while Rudolph held New York safe at all stages. In the second game New York fought a hard uphill fight and tied the score, after the new champions had piled up a seven run lead.

The terrific hitting of Connolly featured. In the two games he hit four singles and a double and two triples. Scores:

FIRST TWO GAMES OF SERIES TO BE PLAYED AT PHILADELPHIA

World's Championship Race to Start
Oct. 9—Rules will be same as in
Previous Years.

Philadelphia, Sept. 30.—Philadelphia will have the honor of staging the first two games for the baseball championship of the world between the Philadelphia Americans and the Boston Nationals. They will be played on October 9 and 10 at Shibe Park. This and other details of the world's series was decided here today at a meeting of the National Baseball Commission. Sunday intervening the next two games will be played in Boston on October 12th and 13th. If more than four games are necessary to decide the championship, the fifth game will be played in this city on October 14th and the sixth in Boston the following day. In the event of a seventh game the toss of a coin will decide whether it shall be played in Boston or Philadelphia.

Four games must be won by a club to claim the championship. All rules governing the contest will be the same as in previous years and the sale of tickets will be conducted upon lines similar to those of last year, that is, tickets will be sold for three games and if three games are not played the money will be refunded.

The managers, captains of the two teams and the umpires will meet the National Commission here on the morning of October 9 to receive final instructions.

MICHIGAN DEFEATS DE PAUW.
Ann Arbor, Mich., Sept. 30.—Disregarding tradition by opening the season with a whirlwind exhibition of open football, the University of Michigan eleven today won from De Pauw 55 to 0. Although Coach Yost used many substitutes, the speed of the Wolverine machine never slackened and Michigan's diversified attack made the visitors defense seem weaker than it really was.

DIRECTUM I WINS FAST EVENT FROM WILLIAM

FIRST HEAT IS FASTEST EVER
PACED IN COMPETITION.

Race Stands as a World's Record—
W. L. Snow Captures Both Class
Paces With the Favorites, Jay
Stone and Lelia Patchen.

Columbus, O., Sept. 30.—Directum I, the New York pacer managed by J. C. McCoy of Kirkwood, Del., and driven by Ray Snedeker, this afternoon over the Columbus track gave to William the first defeat that this Indiana 4-year-old has ever taken in a racing career of two seasons. To do so the chestnut stallion was forced to pace the first mile in 1:58 and the second in 2:00. The time of the first heat is the fastest ever made in competition and the race stands as a world's record. Before today each horse had won a second heat in 2:00. The former record for one heat was 1:59, made two weeks ago at Detroit by Frank Bogas, Jr. It was over a hard track, the sort desired by Directum I's handlers, that the race was paced. William in the betting sold favorite at \$100 to \$50. After the first heat the odds shifted to 2-1 to 1 on Directum I. A seven mile wind was blowing when the first heat started, but its velocity was much reduced when the race was called. The horses had to race against it on the back stretch.

Directum I drew the pole and the pair got away on the first attempt. William went rushing and took the lead forty yards from the starting mark. Two lengths ahead, he reached the first quarter in 29 seconds and went on to the half in 59 1-4. He was leading comfortably when the three-quarters post was made in 1:30. At the last turn Directum I was stirred up and the two pacers were on even terms when half the home stretch had been traversed. An instant later Driver Marvin stepped William with his whip, but his pacer did not respond well enough to ward off the rush of Directum I, who finished strong, with his rival a full length behind. The last quarter was paced in 28 seconds. Separate timing had William's mile in 1:58 1-4.

At the start of the second heat William was rated slower and was kept beside Directum I until the first quarter had been passed. Then he stepped out and took the pole, his opponent dropping back a couple of lengths. The first quarter was done in 30 1-2 seconds and the half in 1:01 3-4. On the far turn sprinting started. Directum I steadily cut down William's lead, though the latter was ahead at the three-quarters in 1:32. There was a terrific brush through the stretch, the final quarter being paced in 28 seconds, with Directum I holding a neck lead.

SPORT NOTES.

Pitcher Alexander of the Phillies has pulled down a bonus of \$1,000 by winning 25 games this season.

Both Springfield and Decatur topped the champion Davenport team in batting according to Three-league averages.

Outfielder Joe Connolly still continues as the only regular among the Boston Braves to hit .300 or better.

The Brooklyn Superbas have made a season's record by capturing a whole series of five games, the Cincinnati Reds being the victims.

Leach Cross and Charley White have been signed for a clash at Milwaukee, Oct. 16.

The new model has more improvements, refinements and new uses than we can even enumerate here. The "Cushioned keyboard" with "anchor keys" and the new automatic features mean less work for the hands, less strain on the eyes, less manual and mental effort. With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint the OLIVER No. 7 attains superlative excellence. Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increase its value—the price has not been advanced one penny. We shall even continue in force our popular 17-Cents-a-Day purchase plan, the same as on previous Oliver models. The OLIVER No. 7 is equipped with facsimile Printtype. If desired, with extra charge. You owe it to yourself to see the new machine before you buy any typewriter at any price. Note its beauty, speed and easy action, its wonderful automatic devices. Try it on any work that is ever done on typewriters. Try it on many kinds of work that no other typewriter will do. I is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, visible reading, Printtype, etc., should be the first to introduce automatic methods of operation.

WORLD'S MARKET NEWS

LARGE RECEIPTS OF WHEAT LOWER PRICES

THE DIMINISHING OF EXPORTS PROVES A DISCOURAGING FEAT- TURE.

Closing Quotations Are Heavy at a
Net Decline of 1/2c—Corn Is
Partly Sustained and Oats Rule
Comparatively Strong.

Chicago, Sept. 30.—Large receipts
and the diminishing of exports pro-
vide a figure today in giving the price
of wheat a downward slant. Closing
quotations were heavy at 1/2c net
decline. The outcome in corn was
unchanged to 2 1/2c lower, oats fin-
ished 1/2c off to 1/2c up and provisions
varied from 30c down to a rise of
2 1/2c.

Wheat bears put all the emphasis
possible on the fact that arrivals at
primary points were nearly double
as large as a year ago, but that
speculators had made hardly any gain.
The showing was declared to be
peculiarly discouraging in view of the
enlargement of the world's available
supply and the seeming nearly com-
plete stoppage of foreign demand.
The only business done that appeared
to be for Europe was a sale of 200-
000 bushels here to go to the At-
lantic seaboard.

Corn was partly sustained by the
fact that assertions of export sales
were confirmed, although the amount
thus disposed of was not large. Be-
lated September holders pressed the
selling side from the start and at
times heartily affected the rest of
the market. Oats ruled compara-
tively strong throughout the day,
owing to improved eastern demand.

It's a Powerful Influence in Blood

Works With a Definite Purpose and is a Known Antidote.

There are some things in medicine that are certain and definite. They do the work. S. S. S. is one of these reliable and is a known antidote for all blood troubles. More than that, it is harmless, for it does not hurt the stomach, does not affect the bowels and joints, nor does it alter the integrity of the nerves and spine. But it does sweep through the blood, a powerful, cleansing, cleansing influence, remarkable for results and a tremendous relief to those who suffer the humiliation of skin eruptions. Nearly all sickness is due to sluggish blood. And if you let S. S. S. bathe your system with its wonderful influence your nervous troubles, your eyes, weary, faded, listless, lifeless body will revive and become so renewed with the sense of enjoyable health you will scarcely know your self. Try S. S. S. today. Get a bottle at any drug store. It will put you on your feet; keep you going all day and enable you to sleep sound and restful. S. S. S. is not a "dope," not a physic, but a fine, bracing, purifying medicine that is sure to do you a world of good. It is just what you need. S. S. S. is prepared by The Swift Specific Co., 60 Swift Bldg., Atlanta, Ga., and if you are troubled with any stubborn blood disease their medical department will guide you safely to health. Write them.

MEXICO NEEDS FARM MACHINERY.

Galveston, Texas, Sept. 30.—With the prospects growing brighter for the restoration of peace in Mexico, it is expected that a large trade will soon open with that country, particularly of agricultural implements and machinery. Already some large purchases of plows, cultivators, traction engines, harvesters and threshers have been made of Texas dealers by leading Mexican farmers and as soon as the railroads of that country are placed in shape to handle traffic promptly heavy shipments of American farm machinery and implements will be made to all the principal distributing centers.

Another very important advantage which dealers in American machinery and implements now have as to the Mexican trade is that all competition from Germany is cut off. The bulk of the machinery and hardware trade of Mexico up to the time of the present war was in the hands of Germans. In all the larger cities of the country Germans owned large wholesale and retail machinery and implement houses. Some of them have gone out of business as a result of the prolonged revolution, but they are still a big factor in that trade, although they may not be able to obtain their stocks in Germany at this time.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

"Pape's Diapiesin" Settles Sour Up-set Stomachs in Five Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal grating. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is awaiting for you at any drug store. These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

JEWES OBSERVE YOM KIPPUR.

New York, Sept. 30.—The Jews throughout the world today observe with the most solemn and important of all the holidays on their calendar—Yom Kippur, the day of atonement, or the day of the long fast. It is the tenth day of the month of Tishri and the end of the ten penitential days, which are devoted to repentance and prayers.

Yom Kippur is held as a strict fast day by the orthodox Jew. It begins, as do all the fasts and festivals in the Jewish calendar, in the evening, and continues until the following evening. During the twenty-four hours from sunset yesterday to sunset today no food or water passes the lips of the devout Hebrews. Men and women alike are required to fast, and the only ones who are exempted from this requirement are children, the very aged, persons in ill health and nursing mothers.

Besides the long fast the day is devoted to prayers of forgiveness for sin and in all the Jewish calendar there is no occasion which is so solemn and so fraught with deep sentiment as at this time. The services in the orthodox synagogue are practically continuous. Last evening the holiday was ushered in with the Kol Nidre, observed by the reformed and orthodox alike, although under different circumstances. The solemn and inspiring music has been adapted to modern orchestras and is thus heard in the sanctuaries of the reformed. In the synagogues of the orthodox it is chanted by the cantors. The services today are divided into four sections known as Shacharas, Mussaf, Mincha and N'hila, but there is no intermission between the different sections and the services continue until sunset when the Shofar is sounded once only as an indication that the fast is ended.

RETURNS FROM CANADA. Foster Shepherd of the vicinity of Lynnvile is at home after visiting six months with relatives in Alberta, Can. He was much pleased with the country and its climate, but thinks Illinois is good enough.

Mrs. George Rentschler and daughter of Concord were visitors in the city yesterday.

HEADACHE GONE! NO PAIN OR NEURALGIA

Dr. James' Headache Powders Give Instant Relief—10 Cents A Package.

When your headaches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer. In a few moments you will feel fine—headache gone—no more neuralgia pain.

CONCORD.

Mr. and Mrs. Philip Kemp of Laurens, Iowa are guests at the home of Mrs. L. B. Smith, Sr., who is Mrs. Kemp's aunt. They have also visited relatives at Roodhouse. Mrs. Smith entertained her daughter, Mrs. Mary A. Hamm of Concord and Mesdames Robert Henly and Cass Hamm of Jacksonville, the last two being granddaughter and grandson's wife.

Mr. and Mrs. Louis Rexroat and granddaughter Esther Murphy attended the State fair Thursday. B. A. Cratz, Ora Ham and son Harold drove to Springfield Friday in Mr. Cratz's automobile to attend the fair.

Robert Morrison, Robert Diggins, Thos. Hatfield, Monroe Leonard and niece Miss Eva Gaddis, Mrs. Thos. Hammond and children, Wm. Loughery and family, Mr. and Mrs. Austin Smith, Mrs. Jas. Smith and daughter Mrs. Cella Loughery and Mr. and Mrs. Roy Crouse went to Jacksonville Friday.

Miss Jane Ator is building a nice cottage on her lot on East Capitol avenue.

We have known for a long time that Concord was renowned in many ways but we challenge the world to beat the record of one of the early pioneers, Mrs. Sarah Morrison, 93 years old last March, and who is actively engaged in all household pursuits even to finishing the laundry when the daughter was unexpectedly called away and when re-monstrated with by a grandson's wife coolly told her if she said very much she would come and do hers next day.

Mr. and Mrs. Roy Crouse are preparing to build a nice house, this making six new houses in Concord this year, there being Edgar Cooper's, Oscar Reams', Jas. A. Smith's, Chas. Rexroat's, Miss Ator's and Roy Crouse's and prospects of more. Then too, we are putting in quite a number of new walks.

Miss Clara Derick, who formerly resided with Mrs. Samuel Newton, but for some time in the states of Washington and California, is visiting Mr. and Mrs. Jay Newton and other relatives and friends.

Mrs. Monroe, sister of Mrs. Hattie Leonard, spent Monday in Jacksonville.

Elmer Smith and family and Harry Ogle and family visited their parents and other relatives Sunday. Mrs. Ed. Willard will entertain the W. F. M. S. of the M. E. church Thursday.

The following officers have been elected in the Christian Sunday school for the year beginning Sunday, October 4th, 1914: Roy Abernathy—Superintendent. M. O. Smith—Assistant Superintendent.

Adella Bayless—Secretary. Irene Valentine—Assistant Secretary.

Lula Henderson—Treasurer. Blanche Yeck—Librarian. Howard Henderson—Assistant Librarian.

Charlie Bayless—Chorister. Alma Deterding—Pianist. Mrs. Alice Ham—Superintendent of Cradle Roll. Mrs. Abernathy—Supt. of Home Department.

Mrs. Silas Henderson, Supt. of Foreign Department. Meriam Henderson—Missionary Superintendent.

Rev. Davis Martin will again preach at the Christian church Sunday, October 4th.

The S. S. of the M. E. church will give an oyster supper Saturday, October 3d. Everybody come and help a good cause and be blessed with a good time, too.

SINCLAIR.

A. A. McNeal's family went to Jacksonville Sunday to hear the lecture at the Baptist church.

Mr. Casteens, son and wife, left for their home in St. Louis, Saturday, Sept. 26. They visited here for three weeks.

Arthur Swain shipped one load of hogs to Chicago recently.

James Mahan took Amos Swain and family to the State fair Thursday.

Mrs. Elisha Fox and Amos Swain are treating their residences to new paint. Mrs. Norris of Wichita, Kan., is visiting at Carl Bourn's home for a few days.

Rev. H. F. Cusic filled his regular appointment Sunday, Sept. 20 and will commence a series of meetings for a week or two. Rev. Mr. Kettle will assist him.

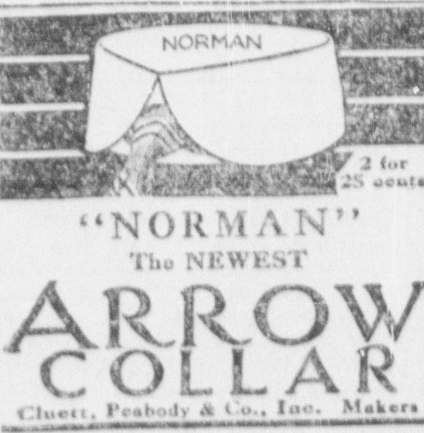

Mrs. Kate Talligan visited your scribe recently.

Bert Carpenter's babe who has been very sick is convalescing.

A. A. McNeal is repairing the house and porch of Newt Hubbs' home. This is known as the Lewis Hamilton farm near Oak Ridge and was bought by Mr. Hubbs.

Mrs. John Harney and daughter, Maud, visited M. J. Fox recently.

Mr. and Mrs. Bell of Iowa attended church at Hebron Sunday. Mrs. Bell's old home place in childhood, 45 years ago.

FUNERALS

Rawlings.
Funeral services for Mrs. Sophia Stumberg Rawlings were held at 10:30 o'clock Wednesday morning at the rural home of her brother, William Stumberg three miles north east of Chapin. The services were in charge of Rev. Frederic Baylis of Chapin and were attended by a large gathering of relatives and friends of the family. Singing of hymns fitting the sad occasion was by Mrs. Acom, Mrs. Dunn, William Wolf and Emmett Carter. There were many floral tokens of sympathy which were cared for by Mrs. William Stout and Miss Ethel Thomson.

The hearers were Thomas Paschall, Roy Ticknor, Emmett Carter, Charles Cowdin, Chester Brockhouse and Thurlow Pratt. Interment was in the Jordan cemetery.

THIEVES BREAK INTO STATION AT ORLEANS.

Rifle Trunk Belonging to Mrs. G. R. Benjamin of This City.

Sometime Tuesday night thieves gained entrance into the Walash station at Orleans, breaking the money drawer and ticket drawer and rifling a trunk belonging to Mrs. G. R. Benjamin, from which was secured a number of pieces of jewelry. Entrance was made by removing a window pane. It was evident that the burglars were after money. There was nothing in the cash drawer and after breaking into the ticket box they did not take any. They went to the baggage room; where the trunk was opened and everything was taken out and scattered over the floor. Some jewelry was taken and before leaving other boxes which contained merchandise were opened. The theft was not discovered till Wednesday morning when the agent, Charles H. Bennett, arrived for work. He notified the police department of Jacksonville, but no clue could be found, and it is believed the perpetrators were tramps.

A. M. E. CONFERENCE SESSIONS IN CITY

IS FORTY-FIFTH ANNUAL GATHERING IN HISTORY OF CHURCH

Visitors include: Several bishops and nearly one hundred ministers—Organization Effected at Afternoon Meeting—Banquet at Night a Notable Event.

The 45th annual session of the Illinois Conference of the African Methodist Episcopal church convened at Bethel A. M. E. church in this city Wednesday morning. Bishop B. F. Lee of Wilberforce, Ohio, is presiding, and nearly one hundred members of the conference are in attendance in addition to some other visitors. The Illinois Conference includes the entire state although there are three sub-districts, Springfield, Cairo and Quincy. The total membership of the conference is only about 110 it will be seen from the attendance that practically every church in the conference is represented here.

The opening service which began Wednesday will continue through next Sunday and many of the services will be of general interest. Among the most prominent in church circles in addition to Bishop Lee are: Bishop William H. Hurd from West Africa, Rev. B. F. Hurd of Washington, secretary of the church extension society, and Rev. J. F. David from Kentucky.

The opening service was largely of a devotional character and Bishop Lee presided, assisted by Bishop Hurd, Rev. Mr. Watson and Rev. Mr. McCracken. Following this prayer service the conference was formally organized and Rev. L. E. Christy of Springfield was re-elected secretary. This will be fourteenth year that he has served in that capacity. Other officials chosen were: Rev. J. E. Cole, Brookport, recording secretary, Rev. W. J. Smith of Metropolis, statistical secretary, Rev. Fred Douglas, Rev. T. Price and Rev. G. T. Shaw, finance committee; Rev. G. W. Brewer, John H. Higgins and T. H. Storer, marshals. After the business session a sermon was preached by Rev. W. H. Bazie and then the sacrament of the Lord's supper was administered. Bishop Hurd presided and was assisted by Dean Woodson of Wilberforce; Rev. J. H. Sydes of the Cairo district; Rev. A. T. Jackson of the Springfield district; Rev. Mr. Jones of the Springfield district and Rev. Mr. Shaw of Jacksonville.

At the afternoon session reports occupied a greater portion of the attention and in the evening a banquet and reception was held. Rev. Mr. Shaw and the local committees have forgotten nothing in making their preparations.

Banquet Largely Attended.
The reception and banquet tendered the visiting ministers and others at Bethel church, Wednesday night, was a very successful event. At 8:30 a company of nearly two hundred had assembled and were seated about the tables which were spread in the church. The recent changes in the church edifice make it possible to entertain a large company at a banquet without inconvenience, and the service was excellent indeed. The Mallory Brothers orchestra furnished a splendid program of music. The church which is now very handsome, since interior decorations were completed was brilliantly lighted for this event. The serving of the banquet began at 9 o'clock and it was one of many courses which had been excellently prepared.

Program of Addresses.
After the final course, Bishop Hurd presided as chairman and made appropriate introductory remarks. An address of welcome was delivered by Rev. Mr. David of Kentucky and he was followed by Mayor George W. Davis, who in fitting language extended a most cordial welcome to the delegates on behalf of the citizens of Jacksonville. Mrs. George A. Brown of Alton sang a solo very effectively and then Mr. Andrew Russel was introduced. Mr. Russel spoke briefly referring to the ideals of the colored race and closed by quoting some lines from Lincoln which were as potent with suggestions as were all the published sayings of the great Emancipator.

Capt. John E. Wright, progressive candidate for the legislature, spoke briefly and then Rev. H. H. DeWitt delivered another address of welcome especially on behalf of the churches of the city. He was followed by William Butler of Springfield, a candidate for representative on the Republican ticket and afterwards J. W. Weston spoke in behalf of the press of Jacksonville. Dr. A. B. Kennelbrex made a brief address as a representative of the civic league and Rev. John W. Kirk was next heard with words of welcome from the membership of Bethel church.

Response Eloquent.
Eloquent addresses in response to the various words of welcome were made by Rev. S. D. Jones, Rev. Mr. Harsha, Rev. Mr. Johnson and Rev. Fred Douglas. After announcement had been made that Bishop Hurd would deliver his lecture on "Africa" this morning the session was adjourned with a word of benediction.

The banquet was aid to have been one of the most notable and successful ever held under the auspices of the Illinois A. M. E. conference and the membership of Bethel church received a great many compliments.

PURCHASES HUMMOBILE.

ASKS PHYSICIANS TO REPORT CONTAGIOUS DISEASES

Dr. Allen M. King Addresses Letter to Various Physicians of Jacksonville.

The recent epidemic of typhoid fever in the city has occasioned those in authority to probe the matter carefully and to make an extra effort to see that it does not spread nor any other contagious disease. Dr. A. M. King, health physician has addressed a letter to each physician asking him to co-operate in this matter. There is a fine not only imposed upon physicians who fail to report such cases, but upon families themselves who keep back such knowledge and allow their children to continue in school when members of the family are afflicted.

The text of the letters follows:

Dear Doctor:—

I am sending each physician in Jacksonville a request, asking them to report to this office within twenty-four hours from diagnosis the following diseases:

Scarlet Fever,
Typhoid Fever,
Tuberculosis,
Smallpox,
Erysipelas,
Diphtheria,
Infantile Paralysis,
Measles,
Whooping Cough,
Mumps,
Chickenpox.

A fine of from five to fifty dollars will be imposed upon those not complying with the request.

Respectfully,
Dr. Allen M. King,
Health Physician.

Baby Days October 1st, 2nd and 3rd in our Children's Department, second floor. The makers of the famous Vanta vests and other pinless garments for the use of children one to three years old, are sending to our store an experienced woman, a trained nurse, to explain to Jacksonville mothers the advantage of these garments—also, to talk to the mothers about the dressing, feeding and care of infants. Bring in the babies. We are going to give absolutely free, to each mother, one beautiful photograph of her baby. We have arranged with Mr. Speith, the leading photographer of our city, to be present in our Children's Department on Thursday, Friday and Saturday and to make free of charge one photo of every baby brought in by its mother. See our big window display of infants' goods on Baby Days, Thursday, Friday and Saturday. F. J. WADDELL & CO.

A CLEAR COMPLEXION

RUDDY CHEEKS—SPARKLING EYES—MOST WOMEN CAN HAVE.

Says Dr. Edwards, a Well Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.
